Seems like everyone is calling your old number, "bill collectors, friends, and your KIDS!!!!!! This lady is bummed out about it, called me and we had a chat.

Mark told me what you said, about me being "butt hurt" cause I had a thing for Stacy, very interesting Lee, nice red point...you need to go through your seminar again.

Wow dude, N [REDACTED] was totally "spot on" huh. I am going to forward this email to you (see attached file) to everybody we know..Jamie first, cause, sad to except she was right all along and she has the most reach.

Then I'm calling Sh [REDACTED] for a serious talk about your shit. Telling Mark I had a thing for S [REDACTED]...crossed the line Lee, Rich is in step, Mark is in step, Micheal...in step. Brian has always liked your "circle of friends (ripped off)" nice man, really nice.

You know man, I've always been a bad ass, to try to pull that shit on me "we mirror each other." I never lied about what I have done, or had to prove myself through bullshit. GOT A LOT OF FAULTS, ALL self created. Had my ass kicked, kicked ass but never a FAKE.

Leave the WOMEN in America Alone...go somewhere else! And if you have a problem (same as when i called you out before) you know how to reach me.

I am guilty of many things in my life, have squandered my share of relationships but never outside of my insecurities or for profit.

Hey Lee since I'm in a shitty mood and am not in the habit of beating Elvis I'll address the current condition of our relationship.

I have been trying to wrap my head around the timeline of you getting married, confessing your love for S█ and apparently C█ all the while carrying on a relationship with this girl from Bellingham and we know New York was in there somewhere during Sh█, and however long before and after only you and she know. Now, I really wouldn't care but S█ is a Friend of mine that I introduced to you. Whether or not things went down that night when you enjoyed some anal sex the way you said or she said, I do not know and have long since forgotten. However, I do know all the shit you were feeding her about moving to the mountain and that you loved her, while you were telling me "Oh yeah man nice and casual." I do know you being pretty bent up about C█ giving you the Heisman with the stomp over after she discovered something unappetizing in your past and I do remember being in the car with you many times while you were chatting up the Bellingham girl about "business" (yeah the business you seem to be in) while visiting S█ cause you sure as shit didn't do anything but "chat on the computer" which I really wouldn't care about, it's just not cool to shit where you eat...not cool at all.

So now I'm left to wonder much, about N█ and Sh█, it seems you have a nicely beaten path, from St. George, to Desert Palms to Santa Monica to Lake Arrowhead to Bellingham, oh yeah but lets not forget about the spot you kept in New York. Dude, I always thought you were a pretty cool and enjoyed your company but I should have gotten a hint when Ellen (God only knows what would have happened if you met her before I did) and I split up and you turned tail on me for the membership in the dirt Barbies, kind of ironic how that all worked out.

Such a ton of shit up there and not much is sticking Lee. It really pisses me off, all the bullshit about mirroring and such. I think it's a convenience and going to your class just got lucky, gives you some more bullshit to throw out there to cover up your MO. The worst thing is I wouldn't give a fuck as everyone else out of the know but man to pull your game on S█, I mean come on bro out of respect for me you, well lets put it this way, we must be much different than you think we are because I would and have never pulled any shit like that with anyone I have been introduced to...while I was just fishing for the best accommodations.

Well there you go man, it's a real bummer, but it comes down to you disrespecting me, and that well that's not even on the menu. Thing is bro I have got a ton of friends most from when I grew up, some from college and the army, others from business and then there are those I've met out there doing what I love. I know I'm not perfect and I know I can't lay judgment down on anyone...except that Michael dude but I don't have any one friend I fear letting in my house...that's a metaphor, in case you took it literally.

Lyle
